

GEC Campus Flash

A MONTHLY NEWS BULLETIN

Alumni Meet @ Bangalore

*I*t is seldom that one gets the leisure to reminisce one's cherished memories, let alone getting an opportunity to relive them. The pace at which we lead our lives does not permit us the luxury of carrying baggage from past. Guided by our passion for professional success we keep aiming for greater highs caring little for the path we traversed in order to reach the destination, pausing not for a moment to think of the smiles, the tears, the fights and the bonds that shaped us into what we are.

Lets have a trip to Alumni Chapters conducted successfully by GEC Alumni Cell with the help of our proud alumni at Bhubaneswar, Bengaluru, Pune and Hyderabad. We thank all our Alumni for their valuable time and contribution to turn these events into success saga.

Conference/Seminar/Workshop Organized

1. One Day seminar on "**Data Science Using Python**" On 12th August 2017 by Er. Deepak Kumar Behera, A Co-founder of "Graduit"). Organized by Department of Electronics & Comm. Engineering.

Alumni Speaks

"Leaders create more leaders and followers create more followers". GEC is one of its kind where leaders are nurtured from the inception. Life at GEC is an experience of challenge and determination. The faculty members get the best out of you so that you don't tremble in the battle field. Good wishes to the first edition of enews.

-Suraj Shubhadarshee, [2010-2014], ECE Branch, Accenture, Bangalore.

I am pleased to know that our GEC students are successful in bringing their first issue of magazine "Campus Flash" for this academic year. The Faculties and students have established a committee, in bringing out the magazine with their contributions.

This will definitely encourage students to exchange innovative ideas. I express my compliments to the editors and their dedicated committee for their valuable efforts in bringing out this issue. I wish them all the best for future endeavours.

Santak Tripathy, [2008-2012], ECE Branch, XIMB, Bhubaneswar

Its been a long journey since we had completed our engineering. I believe engineering has provided us the survival tricks to succeed and move on in life. Its a great initiative of the "Campus Flash" to keep everyone about the whereabouts.

Currently working with **TCS, Bhubaneswar as IT Analyst but deputed at Mexico for an Onsite role. Soumya Biswal, 2007-11 Batch, ECE, Bhubaneswar**

It's a pleasure to thank all the members of GEC who were a part of my life. 5 years passed as if spent with the family. The support I got from my teachers was commendable. **Manoranjan Maharana, [2011-2015], ECE Branch, Hexaware Technologies Ltd., Chennai**

College is a place to try, fail, get up and again try till you succeed. I thank my teachers for the lessons I got from them and for the trust they had on me.

GEC gave me life long memories. **--Siddhant Sahu, [2011-2015], ECE Branch Sr. Market Researcher at Hexaware Technologies Ltd., Chennai**

GEC helped me in building my career. The quality of education and exposure to placement helped me getting placed before my 8th sem. I am so obliged to my college. **Name: Sonal Priya, Batch : 2010-2014, ECE, [PAYTM, Bangalore**

I have plenty of awesome memories of my college days. Being a person always of initiatives I was leading the cultural teams and several technical forums. This really helped me in my career. **Dibyalochan Pani, [2008-2012], Branch- CSE, Wells Fargo India Solutions Private Limited, Senior software engineer, Bangalore.**
